APOLLO RANGE OF WALL MOUNTED SERVER CABINETS

The Flexible Choice

Apollo Wall Units quickly upgrade to a Swing Frame unit with the addition of a bolt on collar.

Made in South Africa
Manufactured to International Standards
Exported Globally

APOLLO RANGE

Range of Upgradable Wall Mounted Units

Apollo Wall Units are available fully built c/w accessories,
or if preferred when transport space is limited
in knockdown form.

The units are supplied in cardboard cartons
and can be rapidly assembled on site with
just 8 screws.

Apollo Wall Units quickly upgrade to
a Swing Frame unit with the
addition of a bolt on collar
available in 100mm &
200mm depths.

This also allows the collar to
be fitted onto the wall
without the encumberment
of holding and balancing
the wall unit.

Knockdown form **Flat Packs**
for easier transportation
